

Barker Cypress Road Left Turn Lake Project

The MUD 500 Board recently awarded a contract for installation of a new dedicated left turn lane on the northbound side of Barker Cypress Road north of the Towne Lake Boardwalk and Copper Junction Drive. The contractor, SAS Concrete, expects to begin work on the project around July 5th and expects the construction to last approximately four weeks. Please exercise caution in the area, as there may be lane closures and heavier than usual traffic as construction progresses.

If you have any questions about the project, please contact Kara Jackson, Senior Construction Manager, EHRA Engineering, at 713-784-4500 or kjackson@ehra.team.
