

Harris County MUD 500 - Increased Wildlife Activity in Lakes

In light of the recent heavy rainfall and higher water levels in Cypress Creek, there may be increased wildlife activity in Harris County MUD 500's lakes. MUD 500 requests that residents report any sightings of alligators or other wildlife issues to its operator, Environmental Development Partners, at (823) 467-1599. MUD 500 also requests that residents of and visitors to Towne Lake refrain from interfering with its wildlife management contractor, including any of the contractor's lines, traps, or other equipment in or near MUD 500's lakes.

For additional information on wildlife management, please visit MUD 500's website, at: <https://www.hcmud500.org/wildlife-management-in-master-district-lakes>.
